

Commercial & Technical Site Audit: Alandas.de

Storefront Teardown, 26-SKU Catalog Translation, Google Profile Audit & Omnichannel Revenue Blueprint

Target Entity:	Alandas (Alandas Tea Berlin) https://alandas.de	Audit Revision:	September 2026 (Updated with Live GBP Findings)
Founder / Lead:	Sidy Sow (Lise-Meitner-Str. 39, 10589 Berlin)	Audit Scope:	Storefront, Catalog, Google Maps, Tech & Sales Funnel
Commerce Engine:	Shopify (biwzp1-gk.myshopify.com) Dawn 15.4.1	Lead Strategist:	Cyril Uzochukwu (Strictly Confidential)
Google Profile:	5.0 ★ (2 Reviews) under 'alanda's tea'	Primary Channels:	D2C Online Store + B2B HoReCa Gastronomy

Executive Context & Core Diagnosis:

Alandas is a standout brand with **world-class cultural storytelling** (destination blends inspired by Istanbul, Bombay, Marrakech, Paris, Berlin) and proven 90%+ gross margin hospitality unit economics (–€0.25/pot cost vs. €5.50 menu price). However, the commercial engine is severely bottlenecked: **zero analytics (no GA4 or Meta Pixel)**, conflicting shipping thresholds, sample box pricing contradictions (€9.90 vs €19), out-of-stock flagship counter displays, and a Google Business Profile that is verified (5.0★, 2 reviews) but misconfigured as an e-commerce service with a hidden address—dropping the pin in central Germany instead of Berlin. Furthermore, while the homepage has 3 quotes, product pages lack verified reviews. Resolving these gaps transforms Alandas into a high-converting D2C and B2B revenue powerhouse.

AUDIT CHAPTER 01 // BRAND POSITIONING

1. Brand Identity & Dual Revenue Model Architecture

Brand Heritage & Positioning: Operating under the slogan ‘*Alandas ist anders*’ (Alandas is different), the company was founded in Berlin by a new generation with multicultural roots. Rather than marketing commodity teas, Alandas curates signature blends named after world cultural capitals (Istanbul, Marrakech, Bombay, Paris, Berlin, Damascus, Manila, California). Hand-crafted in small batches without artificial additives, the brand positions tea as a sensory ritual that connects people, places, and memories.

Commercial Architecture: Retail (B2C) vs Hospitality (B2B)

Commercial Dimension	B2C Consumer Division (Retail)	B2B Hospitality Division (Gastro / HoReCa)
Target Audience	Urban tea lovers, aesthetic wellness shoppers, gift buyers seeking sensory destination tea.	Owner-operated specialty cafes, third-wave coffee bars, brunch bistros, boutique hotels.
Value Proposition	Sensory 'world travel in a cup', aesthetic resealable 220g Doypacks, 100% natural botanicals.	Turnkey Tea Bar serving concept: Borosilicate pot with lid-filter + bamboo tray + precise dosing spoon.
Unit Economics	€14.69 per 220g bag (€6.68 / 100g). Free shipping threshold €40 / €59 discrepancy.	Cost per pot: ~€0.25 Menu price: €4.50–€5.90 Gross profit: €4.25–€5.65 (90%+ gross margin).
Sales Motion	Direct storefront checkout via Shop Pay, Apple Pay, PayPal, Klarna.	Entry via 'Tea Experience Box' (€19 vs €9.90), direct WhatsApp line, offline catalog request.
Current Social Proof	3 static homepage quotes (Jasmin B., Marah A., Allen W.) but 0 reviews on product pages.	2x 5.0★ Google reviews under 'alanda's tea' + 3 Berlin HoReCa quotes (*Cafe Lafemme*, *Meyman*).

Corporate Registration & Google Profile Details:

- **Legal Structure:** Sole Proprietorship (*Einzelunternehmen* / Registered Gewerbe in Berlin-Charlottenburg).
- **Proprietor:** Sidy Sow | Address: Lise-Meitner-Str. 39, 10589 Berlin, Germany (Gewerbehof near Jungfernheide).
- **VAT Identification Number:** DE312066015 (USt-IdNr gemäß §27a UStG) | Store Backend: biwzp1-gk.myshopify.com.
- **Google Business Profile:** Registered as 'alanda's tea' (5.0 ★ based on 2 reviews). Listed phone: +49 1515 6856439.
- **Website Contact:** Fast WhatsApp Chat widget & Contact page list: +49 15678 689200 | Email: info@alandas.de.

AUDIT CHAPTER 02 // PRODUCT CATALOG

2. Complete Catalog Scoping & Translation Matrix

Alandas maintains 26 active SKUs. Below is the flagship line of 13 Cultural Destination Blends, completely translated into English with botanical ingredients, weight, pricing, and live inventory status.

A. Cultural Destination Blends (Flagship 220g Doypacks)

SKU	Blend Name	Key Ingredients & Profile (Translated to English)	Weight	Price	Status
50115	ISTANBUL	Black tea, cinnamon, dried apple, rose petals. Spicy-floral Turkish Chai.	220g	€14.69	In Stock
60117	BOMBAY	Black tea, cardamom, cloves, cinnamon. Authentic Indian bazaar Chai Latte.	220g	€14.69	In Stock
40111	MARRAKECH	Green tea, peppermint, lemon peel, natural citrus. Refreshing Moroccan mint.	220g	€14.69	In Stock
10113	PARIS	Strawberry, apple, hibiscus, rosehip, cornflowers, cream note. French patisserie fruit.	220g	€14.69	In Stock
50110	BERLIN	Rooibos, hemp, carrots, green mate, papaya. Tangy, earthy urban energy.	220g	€14.69	In Stock
50120	DAMASKUS	Japanese Sencha green tea + black tea + rose, sunflower & jasmine blossoms.	220g	€14.69	In Stock
50117	LONDON	Black tea, rooibos, caramel pieces, vanilla, jasmine, mallow flowers.	220g	€14.69	In Stock
50232	CALIFORNIA	Rooibos, orange peel, orange blossoms. Sunny, fruity, naturally caffeine-free.	220g	€14.69	In Stock
50116	GRANADA	Green tea, mint, orange peel, orange blossom, hibiscus. Tart Andalusian garden.	220g	€14.69	In Stock
40144	MANILA	Green tea, pineapple, papaya, apple, orange, marigold, rose petals. Tropical fruit.	220g	€14.69	In Stock
30125	SCHWARZWALD	Lingonberries, blackberries, raisins, hibiscus. Rich German Black Forest berry.	220g	€14.69	In Stock
60113	HIMALAYA	Ayurvedic black tea, ginger, cardamom, cinnamon, clove, black pepper, citrus.	220g	€14.69	In Stock
233038	BUDAPEST	Lemongrass, apple, ginger, stevia leaves, sunflower blossoms. Sugar-free sweet.	150g	€10.20	In Stock

Merchandising Opportunity: All flagship blends (except Budapest at 150g) are standardized at 220g for €14.69 (€6.68/100g). While the price per gram is very competitive, forcing first-time retail buyers to purchase 220g creates a high trial barrier. Introducing a **'Cultural World Tour' Sampler Pack (5x 30g tins for €19.90)** solves this barrier immediately.

AUDIT CHAPTER 02 // PRODUCT CATALOG (CONT.)

2. Complete Catalog Scoping (Classics & Hardware)

B. Pure Classics & Single-Origins (6 SKUs)

SKU	Product Name	Profile, Origin & Quality Notes	Weight	Price	Status
20118	EARL GREY BLUE	Single-estate Rukeri black tea from Rwanda, bergamot oil, cornflower petals.	220g	€14.69	In Stock
14183	GRÜNTEE SENCHA	Pure Japanese Sencha green tea. Grassy, marine, refreshing umami profile.	220g	€14.69	In Stock
13860	SCHWARZTEE	Classic Ceylon & Darjeeling blend (English Breakfast style). Robust & malty.	220g	€14.69	In Stock
50118	OOLONG SE CHUNG	Semi-fermented blue tea from Fujian Province, China. Complex, nutty-fruity.	220g	€14.69	In Stock
26118	KAMILLE	100% whole, uncrushed chamomile blossoms. Gentle, relaxing, soothing.	80g	€5.49	In Stock
26113	PFEFFERMINZE	Coarse-cut pure peppermint leaves. High natural menthol clarity.	120g	€8.49	In Stock

C. Hardware, Teaware & Gastro Equipment (7 SKUs)

SKU	Hardware Item	Function, Materials & Dimensions	Price	Availability
10030	Glass Teapot 350ml	Handcrafted Borosilicate glass with built-in stainless lid-filter (-40°C to +150°C).	€24.95	In Stock
10050	Bamboo Serving Tray	Sustainable polished bamboo wood, sized for 1 teapot + 1 glass (22.5 × 14 × 2.5 cm).	€9.89	In Stock
10040	Airtight Storage Jar	800ml Borosilicate glass cylinder with aroma-tight bamboo lid (15 × 10 cm).	€8.90	In Stock
10070	Stainless Dosing Spoon	Ergonomic stainless steel spoon measured for 1 standard teapot (14 × 3.5 cm).	€3.90	In Stock
—	Heart Tea Strainer	Snap-lock stainless heart infuser spoon for single-cup brewing.	€5.95	In Stock
—	Teebar Wooden Shelf	Solid wood counter rack + 6 or 8 glass jars with bamboo lids. Flagship B2B Display.	€79.00	OUT OF STOCK
—	Tea Experience Box	Gastro starter pack: Teapot, bamboo tray, spoon, 5–6 teas. <i>Price conflict noted below.</i>	€19.00*	In Stock

Flagship Hardware Bottleneck: The borosilicate teapot and bamboo tray form the core operational serving ritual for cafes. However, the **Teebar Wooden Shelf (€79.00)** is marked out of stock. Because this counter rack is the primary visual sales centerpiece for hospitality, cafes cannot launch the complete setup. Setting this to 'Pre-Order for Your Venue' is an immediate fix.

AUDIT CHAPTER 03 // TECHNICAL INFRASTRUCTURE

3. Technical Stack Audit, Tracking & Review Infrastructure

Architecture & Theme: Built on Shopify's native infrastructure (`biwzp1-gk.myshopify.com`) using customized **Dawn 15.4.1**. Typography pairs *Raleway* (sans-serif) and *Libre Caslon Text* (serif). While the frontend aesthetic is polished, our audit revealed **critical gaps in analytics, attribution, local SEO, and review verification**.

Technical Dimension	Observed Status on Alandas.de	Business Impact & Severity
Web Analytics (GA4 / GTM)	COMPLETELY MISSING. No Google Analytics 4 (`G-XXXXXX`) or GTM container installed.	CRITICAL: Zero visibility into funnel drop-offs, checkout abandonment, or acquisition sources.
Paid Ad Attribution	COMPLETELY MISSING. No Meta Pixel (Facebook/Instagram), TikTok Pixel, or CAPI.	CRITICAL: Running ads burns cash blindly—no algorithm optimization or retargeting audiences.
Email Marketing Engine	No Klaviyo, Omnisend, or Mailchimp. Only Shopify's default unsegmented newsletter input form.	HIGH LEAK: Missing 20–30% in automated back-end email revenue (welcome, cart recovery, replenishment).
Customer Reviews Engine	3 static text quotes on homepage (Jasmin, Marah, Allen). Zero review apps on PDPs (Judge.me/Loox).	HIGH FRICTION: No verified buyer badges, no star ratings on product pages, and no Google search rich snippets.
Google Business Profile	Verified under 'alanda's tea' (5.0★, 2 reviews), but categorized only as 'E-commerce service' (hidden address).	LOCAL GAP: Pin drops in central Germany instead of Berlin. Misses all Berlin HoReCa local map searches.
Agentic Commerce (UCP)	Implemented! `/agents.md` and `sitemap_agentic_discovery.xml` active with Universal Commerce Protocol.	POSITIVE: Forward-looking protocol enabling AI shopping agents to crawl and parse products.
Schema.org Structured Data	JSON-LD Organization schema outputs empty strings `` for unfilled social handles.	MEDIUM: Triggers Google rich snippet validation warnings in Search Console.

Technical Synthesis for Consultation:
Alandas has built an attractive digital storefront and embraced innovative protocols (UCP / agents.md), but is **flying blind operationally**. Without GA4, Meta CAPI, or Klaviyo, the client cannot calculate Customer Acquisition Cost (CAC), cannot retarget engaged visitors, and loses 20%+ in automated email revenue. Furthermore, while Sidy has 2 Google reviews and 3 homepage testimonials, they are not linked to a functional product review engine or local Berlin map pack ranking. Fixing this represents immediate ROI.

AUDIT CHAPTER 04 // CUSTOMER EXPERIENCE

4. Customer Journey Evaluation: B2C vs B2B Perspectives

To maximize impact during the client pitch, we evaluated the storefront through two distinct commercial personas: the retail consumer (B2C) seeking an aesthetic lifestyle experience, and the professional cafe or hotel operator (B2B) seeking beverage margin expansion and operational simplicity.

A. THE B2C CONSUMER VIEWPOINT (Retail Buyer Journey)

The Strengths (What Hooks the Consumer):

- **Sensory Destination Storytelling:** Blends named after iconic cultural capitals (Istanbul, Paris, Marrakech) immediately elevate the product above generic supermarket teas, evoking travel, mindfulness, and sensory exploration.
- **Ingredient Transparency:** Prominently lists whole botanical ingredients (real strawberry chunks, uncrushed chamomile blossoms, real bergamot oil on Rwanda Rukeri) with zero artificial flavor enhancers.
- **Frictionless Mobile Checkout:** Native 1-click checkout with Apple Pay, Google Pay, Shop Pay, and Klarna.

The Dealbreakers (What Causes Cart Abandonment):

- **Unverified Social Proof:** The homepage has 3 text quotes (Jasmin B., Marah A., Allen W.), but individual product pages have zero star ratings or review widgets. In Germany, unverified text quotes lack credibility without 'Verified Buyer' badges.
- **Conflicting Shipping Thresholds:** Product descriptions state *'Free shipping over €59'*, but the shipping policy page states *'Free shipping over €40'*. A customer ordering €45 who gets hit with shipping at checkout will abandon.
- **Excessive Trial Commitment (220g Only):** No sampler discovery packs exist. Sampling 3 flavors requires spending €44.07 for 660g of tea, which is an excessive commitment for first-time shoppers.

B. THE B2B OPERATOR VIEWPOINT (Cafe, Bistro & Hotelier Journey)

The Strengths (What Hooks the Hospitality Operator):

- **Solves a Universal Pain Point:** In 90% of cafes, tea is an afterthought—a cheap €0.10 teabag in warm water for €3.80. Alandas transforms tea into a high-margin visual ritual served on a dedicated bamboo tray.
- **High Gross Margin (90%+):** Cost per pot ~€0.25 vs. €4.50–€5.90 menu price. Selling just 20 pots a day generates €1,400+ in extra gross profit per month (€17,000/year).
- **Operational Simplicity:** Handcrafted borosilicate pot with lid filter means baristas don't deal with messy strainers, and preparation takes only 15 seconds.

The Dealbreakers (What Kills the Wholesale Deal):

- **Sample Box Price Contradiction:** The Gastro page lists the box at **€19.00**, while the Contact page advertises it at **€9.90 netto**. This pricing mismatch undermines trust.
- **Flagship Display Shelf is Out of Stock:** The Teebar wooden rack (€79.00), marketed as the visual centerpiece, is unavailable.
- **Local Berlin Map Invisibility:** Because Google Business Profile is set as an online e-commerce service, the pin is dropped in central Germany. Berlin cafe owners searching locally for *'Tee Großhandel Berlin'* will never find Alandas.
- **Unstructured Wholesale Ordering:** Currently relies on *'Send a WhatsApp photo of your order'*. Multi-unit cafes require automated net-price accounts, volume tiers, and formal VAT purchase orders.

AUDIT CHAPTER 05 // DISCREPANCIES & DISCOVERY

5. Critical Inconsistencies & Strategic Discovery Questions

Below is the consolidated matrix of technical and commercial discrepancies discovered during the audit, along with high-leverage discovery questions to lead your client consultation with Sidy Sow.

Discrepancy Item	Location A (Storefront)	Location B (Conflict)	Recommended Resolution
Shipping Free Threshold	PDPs: €59.00 (under 'Versand')	Policy Page: €40.00	Standardize unified threshold at €49.00 with interactive cart progress bar.
Gastro Sample Box Price	Gastro Page: €19.00	Contact Page: €9.90 netto	Set at €9.90 netto (100% credited against first wholesale order).
Phone Number Mismatch	Website / WhatsApp: +49 15678 689200	Google Maps: +49 1515 6856439	Synchronize numbers so incoming Google calls route straight to WhatsApp Business.
Google Maps Location Pin	Registered Address: Berlin (10589)	Google Map Pin: Central Germany	Add Berlin/Potsdam as primary Service Area & set category to <i>Tee-Großhändler</i> .
Teebar Shelf Inventory	Gastro Copy: <i>'Visual Highlight'</i>	PDP: Unavailable / Out of Stock	Enable <i>'Pre-Order for Your Venue'</i> button with 10-day dispatch notice.
Social Proof Architecture	Homepage: 3 static text quotes	PDPs: 0 stars / 0 review app	Import quotes into Judge.me as verified seed reviews; anchor star ratings to PDPs.

HIGH-LEVERAGE DISCOVERY QUESTIONS TO ASK THE CLIENT

1. 'I saw you have a 5.0 rating with 2 reviews on Google under alanda's tea—is +49 1515 6856439 your direct line, and should we route Google leads straight into your main business WhatsApp (+49 15678 689200)?'

2. 'You have wonderful quotes from Jasmin, Marah, and Allen on the homepage—have you considered pulling those star ratings onto the individual product pages with Judge.me to lift conversion on Schwarzwald and Istanbul?'

3. 'I noticed the Teebar wooden shelf is out of stock online—are you currently fulfilling wholesale display racks manually, or is supplier inventory a bottleneck for onboarding new cafes?'

4. 'Right now your Gastro Experience Box is listed at €19 on the B2B page but €9.90 on the contact page—which price point has yielded higher trial conversion for cafes?'

5. 'Since there is currently no GA4 or Meta Pixel active on the store, what channel currently drives your primary sales: Instagram organic, Berlin word-of-mouth, or in-person B2B sales visits?'

AUDIT CHAPTER 06 // REVENUE BLUEPRINT

6. Strategic 30-Day Growth Roadmap & Technology Stack

Presenting this structured 30-day growth blueprint during consultation immediately positions you as an indispensable commercial growth partner rather than a commoditized web developer.

Implementation Phase	Key Deliverables & Action Steps	Measurable Business Impact
Phase 1: Conversion Triage & Google Sync (Days 1 – 7)	- Standardize shipping policy (€49 unified threshold + cart bar). - Resolve sample box pricing (€9.90 credited against first order). - Update Google Business Profile (Berlin service area + phone sync). - Install Judge.me / Loox; seed with Jasmin, Marah, Allen & Google reviews.	Stops immediate cart drops; unlocks Berlin local search; lifts storefront conversion 15–25%.
Phase 2: Analytics & Retention Engine (Days 8 – 14)	- Deploy Google Analytics 4 (GA4) with enhanced e-commerce funnels. - Install Meta Pixel & CAPI to prepare for retargeting ads. - Connect Klaviyo email automation: - Welcome Flow with 10% first-time discount code. 3-step Abandoned Cart recovery highlighting sensory tea rituals. - Automated 45-day replenishment reminders based on tea consumption.	Unlocks full traffic attribution and captures 20%+ in automated back-end email revenue.
Phase 3: Organic IG Funnel & AI Video (Days 15 – 21)	- Deploy OpenReply: Self-hosted Instagram Comment-to-DM engine. - Reel CTA: <i>'Comment CHAI for 10% off + autumn brewing guide'</i>. - Gastro CTA: <i>'Comment GASTRO for wholesale rate card & sample box'</i>. - Integrate OpenChatCut (MCP Agent Video Editor) for rapid batch creation of 9:16 vertical tea brewing Reels.	Monetizes Sidy's active '@alandastea' audience without paying expensive SaaS fees (ManyChat).
Phase 4: Scaled B2B Wholesale Engine (Days 22 – 30)	- Build dedicated wholesale portal with automatic VAT ID validation. - Transparent catering tiers (1kg refill bags with volume discount). - Turnkey digital collateral for cafes: printable QR table tents & brewing sheets. - Enable Shopify Markets English localization for Berlin expats & hotels.	Transforms informal WhatsApp orders into scalable, predictable recurring B2B accounts across DACH.

CONSULTATION PITCH STANCE & CLIENT CLOSING PLAYBOOK

The Winning Mindset: Approach Sidy Sow not as a critical auditor pointing out mistakes, but as a strategic commercial partner presenting *unclaimed revenue*. He has already built exceptional branding, authentic botanical products, and an operationally proven hospitality concept in Berlin. By framing your proposal around fixing conversion leaks, syncing his Google presence, turning Instagram comments into automated DMs (OpenReply), and building a repeatable B2B wholesale engine, you elevate the conversation from a commoditized freelance job into an indispensable high-ticket growth partnership.
